

HOW NAPOLEON LOST.

The True and Real Secret of His Downfall.

Lack of Reinforcement Changed Destinies of Nations.

Battles Lost in Our Own War in Same Way.

Reinforcement of Both Power and Strength.

The Great and Vital Need Always Present.

Napoleon looked in vain for his general to appear when the tide of Waterloo was at its height. He did not come and that great conqueror lost the field; France was checked; the fate of Europe was changed, and the tide of human history found a new direction.

So in the long, fierce war of the Rebellion, many a field was lost or won as needed reinforcements came, or failed to come.

So it is in the natural world:—the shower grateful to the parched earth, the sunshine wooing the green shoot, the wind that cools or warms at the right time, all help keep nature fresh and beautiful. In the realm of health the same law prevails. There are parching droughts and destructive floods to be provided and guarded against; and when they come they have to be robbed, as far as possible, of their effects.

Prevention in all these cases is better than cure.

Save the battle in advance. Provide the relief before it is needed. It is less expensive and far more beneficial from every view.

Reinforce nature. Help her to keep normal and healthy.

Take care of the blood and nerves, and we shall have no fear of disease.

Dr. Greene's Nervura blood and nerve remedy has stood the test of many years for this purpose. It has no rival as a wonderful restorative. It has no equal in the purification of the blood, the strengthening of the nerves and for preventing all the ills which threaten at this season of the year.

Try it and be assured. It is the great reinforcement for strength, power and vigor of nerve, brain and body. It will make you well and strong.

Why waste time in trying uncertain and untried remedies, when here is a physician's prescription, a discovery made by the greatest living specialist in curing nervous and chronic diseases.

Dr. Greene of 35 West 14th street, New York City. If you take this medicine you can consider yourself under Dr. Greene's direct professional care, and you can consult him or write to him about your case freely and without charge. This is a guarantee that this medicine will cure, possessed by no other medicine in the world.

EX-PRIEST SLATTERY.

He Will Address Audiences in This City To-night.

The announcement that ex-Priest Slattery will address New Haven audiences, has already aroused great interest.

The speaker's reputation arrived long ago. He has given lectures across the country in every state. In San Francisco he attracted immense audiences. To-night he will give a lecture at Warner hall on the subject, "Why I Left the Roman Catholic Priesthood, and What I Saw Therein." Those who have heard him declare him to possess great force and eloquence.

The lecture will be open to both men and women. Mrs. Slattery will address "ladies only" to-morrow afternoon. A lecture to men only will be delivered to-morrow night. The formal advertisement appears elsewhere in this issue.

Sale of a Road Confirmed.

Columbus, O., Nov. 4.—The sale of the Columbus, Sandusky and Hocking railroad was affirmed by Judge Smalley at Bucyrus this morning and the reorganization of the company will be accomplished as soon as the bonds arrive from the east.

Will Extradite Ward.

Washington, Nov. 4.—At the request of the secretary of state the government of Honduras has promised to extradite A. K. Ward, the alleged Memphis embezzler, who was captured in that country recently. The United States has no extradition treaty with Honduras, and the favor extended in Ward's case emphasizes all the more the friendly feeling of that government towards this country, though the fact remains that this government could not reciprocate if Honduras required the extradition of one of its criminals from America. It will be necessary for the state of Tennessee to send an officer to Honduras for Ward, as the federal government has no fund for that purpose to be used in state cases.

MILFORD.

Milford, Nov. 4.—Mrs. Susan Irving is entertaining her friends, Mrs. George Howard of New Haven, at Harbor-side.

Henry C. Smith is on a business trip to Vermont, and will be absent for some days to come.

Mrs. Charles Proctor, who was taken ill while visiting friends at Detroit, Mich., is much better, and was expected home Saturday.

Happened at Another House.

The case of asphyxiation reported in our state press dispatches as having happened at the Earle house, Waterbury, happened at the Cooley house.

John Ganev, a Cheshire man, who was the victim and who had been drinking, retired at the Cooley house. He had a narrow escape, as had not the clerk of the house noticed the smell of gas and investigated. Ganev would soon have died, as he was found insensible. The affair did not happen at Earle's hotel as inadvertently mentioned.

CONNECTICUT JOTTINGS.

NEWS OF INTEREST FROM MANY PARTS OF THE STATE.

A Missionary Rally.—The Air Line Double Tracking—Quartermen's Strike in Portland—The Coming State Congregational Conference in Waterbury—A Missing Bicycle—Other Notes of Interest.

Wallingford, Nov. 4.—A missionary rally was held in the Congregational church this afternoon and evening.

Among the well known speakers present were the following: Rev. Joseph Smith, D. D., of Boston; Rev. J. H. DeForest, D. D., who has spent twenty years in Japan; Mrs. H. C. Hazen of India, and Rev. A. H. Plumb, D. D., of Boston.

Portland, Nov. 4.—Contractor Fitzgerald of New London, who has charge of the double tracking on the Air Line division of the Consolidated road to-day increased his force, and the work is now progressing rapidly. Nearly 250 men are now engaged on the work between Portland and East Hampton. The progress will be slow because of the deep cuts through which it will be necessary to blast.

Portland, Nov. 4.—The indications are that the quartermen's strike, which was inaugurated this morning, will be a lengthy one. To-night none of the men had come back to work; on the contrary, they are more decided than ever. The owners of the quilleries, according to reports, are not displeased with the turn affairs have taken. They have plenty of stone on hand and can stand it if the men do not care to work.

Westport, Nov. 4.—For four days the saloons in Westport have been ostensibly closed, the license year ending last Thursday night. The situation here is an interesting one, because of the novelty of no saloons in Westport. Much more expression is given to the dissatisfaction on the part of drinkers than to avowals of satisfaction among those who favor no license. In other words, the habits of saloons find their deprivation irksome. So far as is known the liquor dealers are abiding by the law, and will continue to do so, relying upon their good fortune to bring it about so that the no license decision at the election will be declared illegal. It is understood that the saloon keepers hold frequent meetings in secret for the purpose of discussing the situation.

Falls Village, Nov. 4.—Lyman Dunning, the ex-county commissioner, who is ill at his residence in East Canaan, is no better and his condition is still critical.

A. C. Randall, president of the National Iron Bank of Falls Village, is critically ill. He took to his bed last week, suffering from nervous prostration.

CONGREGATIONAL CONFERENCE. Arrangements are making to entertain 400 delegates to the twenty-ninth annual meeting of the general conference of the Congregational churches of Connecticut which meets in Waterbury November 19 and 20. The annual sermon will be preached by the Rev. Dr. Theodore T. Munger of New Haven. The principal missionary address will be delivered by the Rev. Dr. Judson Smith of the American Board, and President of Chester D. Hartshorn of the Hartford Theological Seminary will read the paper on "Sociology and the Church."

MR. KNIPPER'S WHEEL. Bridgeport, Nov. 4.—Every effort is being made to recover the Spaulding wheel, belonging to W. O. Knipper of the American Union staff, which was stolen from the Barnum-Union building last Friday evening. Several clues have been followed, but as yet have not led to the apprehension of the thief or the recovery of the wheel. Superintendent of Police Birmingham, who has the case in hand, is sparing no pains or expense to capture the thief who, if caught, will be made an example of. Though Bridgeport has been very fortunate in having but three wheels out of nearly 4,000 stolen in the past year, the theft of bicycles is becoming frequent in other parts of the state. It is advocated that wheelmen should band themselves together for their own mutual protection and be constantly on the lookout for stolen wheels. Superintendent Birmingham has sent out several hundred cards of which the following is a copy: Stolen from Bridgeport, Conn., Friday evening, November 1, 1895, Spaulding bicycle, Searchlight lantern, Spaulding dynamometer and ratchet bell. Bell fastened in center of handle bar. Handle bar slightly rusted an inch from each handle. Brown spot in center of dynamometer. Dust cap or one rat-trap pedal missing. Two punctures an inch apart in each tire.

WAGES RAISED. Norwich, Nov. 4.—The promised increase in wages at the Penman mills at Tataville went into effect to-day, but the men are not satisfied. The overseers have not yet announced how much of an increase is granted, and the workmen are not in a position to state whether or no the raise will prove satisfactory.

SUIT FOR DAMAGES. East Haddam, Nov. 4.—Steps are now being taken by counsel for W. H. Gillette, assistant jailer at the county jail, to bring suit against William R. Goodspeed, proprietor of the river ferry, to recover damages for the loss of a horse and injury to the carriage of Gillette, which was sunk in the river from the ferryboat Goodspeed nearly three weeks ago. On Friday last the body of Gillette's dead horse rose to the surface of the river several hundred feet down the river from the spot where it went in to the river. The body raised the carriage in such a way that it was possible to get it out. The harness was removed from the horse and the carriage and equipment will be appraised and suit will be brought upon a suitable basis. The vehicle is badly warped and twisted and the harness is practically ruined.

Grain Rates Advanced. Chicago, Nov. 4.—The advance in grain rates from points in the west to Chicago and St. Louis, which went into effect to-day, will have the effect of checking grain shipments. For the last two months a cut rate of 12½ cents a hundred pounds has been made from the Missouri river to Chicago.

A STOMACH WITHOUT A BOTTLE OF SANFORD'S GINGER AT THIS SEASON

Is a stomach exposed to many and serious dangers. This unfailing household panacea cures cramps and pains, colds and chills, assists digestion, allays nervousness, promotes sleep, and wards off malarial, contagious, and epidemic influences.

Containing among its ingredients the purest of medicinal French brandy and the best of imported ginger, it is vastly superior to the cheap, worthless, and often dangerous ginger mixed with substitutes. Ask for SANFORD'S GINGER and look for owl trade mark on the wrapper. Sold everywhere. PORTER, DUNCAN AND CURRIE, Chicago, Sole Importers, Boston.

THE FUNERAL.

Of Mrs. Abia Peck Bradley in Woodbridge—Was Nearly 100 Years Old—For Seventy-four Years a Member of Woodbridge Congregational Church.

Yesterday it was the sad duty of her two sons and two grandsons to bear from her long earthly home to her last long home the body of Mrs. Abia Peck Bradley.

Nature seemed to hush all its tumultuous elements and to spread a feast of beautiful restfulness after the harvest. The day was in every sense typical of the occasion.

Seidman in these modern days of rush and hurry is it accorded to humanity to live almost one hundred years. But those who attended Mrs. Bradley's funeral must have been deeply impressed as they gazed upon the calm, peaceful face of the sleeper and stopped to think that those tightly closed eyes had looked out upon life's storm and sunshine for over ninety-seven years.

Born in the house now occupied by the Hemingway family, directly opposite her own home, August 19, 1798, she had lived her long, calm life in what to this generation seems such a narrow space, yet up to her ninetieth year, when she had the misfortune to break her hip, she was very active and interested in all that pertained to life, and after her misfortune, she was never known to murmur or utter one complaining word. She was a great reader and her memory was as clear and perfect the day of her death as the day of her marriage.

She had but two sons, Rowe Bradley of North Haven and Stephen Peck Bradley of Woodbridge, the latter of whom always resided at the old homestead, and whose wife has been a veritable "Ruth" to her mother-in-law. The deceased leaves, besides her two sons, four grandchildren, viz., Charles Bradley of Woodbridge, son of Stephen Bradley, and Homer Bradley of North Haven, and two granddaughters, children of Rowe Bradley. Her kind folks are almost legion, she having been connected with many substantial families, both in Woodbridge and in New Haven.

Rev. Mr. Marvin, pastor of the Woodbridge Congregational church, of which the deceased had been a member seventy-four years, conducted the services.

at both the house and the burial, and the choir of the same church rendered two hymns at the house.

She was laid in the Woodbridge cemetery beside her husband, Abner Bradley, who died in 1851.

New Haven Orphan Asylum. Donations from September 26 to October 31, 1895:

Annual subscription, Miss E. B. Gilbert, \$2; Mrs. J. D. Wheeler, for rides or other pleasures for children, \$30; Lewis & Maycock, receipted bill, \$23; the S. M. Munson company, discount on bill, \$2.27; Moses Thomas, discount on bill, \$1.77; William E. Ford and J. S. Coburn, medicines for the month; Miss Ackerman, a car ride and a cornucopia of candy for each child; Mr. C. Berry Peets, tennis racket and balls, casket of pears, cornucopia, child's book; E. L. Washburn, one vaccine point; a friend, three barrels of apples; Mrs. G. M. Winslow, fourteen dozen cream puffs and chocolate eclairs.

Omitted in September—Mrs. Katherine B. Trowbridge, five gallons ice cream.

The board of managers desires to express thanks to the friends who contributed to the asylum on the annual Donation day, and to the gentlemen of the Donation Day association who aided in making the occasion one of great benefit to the institution.

Visiting committee for November—Mrs. William F. Blackman, 34 Trumbull street; Miss Mary B. Bristol, 65 Elm street.

In behalf of the Board of Managers. ELIA C. BRADLEY.

Special Meeting to be Held. Chicago, Nov. 4.—Notice has been given to the stockholders of the Illinois Central railway that a special meeting of the shareholders will be held November 26 for the purpose of considering an increase in the capital stock of the company from \$50,000,000 to \$60,000,000. The ten millions will be used in the reorganization of the Chesapeake, Ohio and South Western system.

Died from Heart Disease. Bloomfield, N. J., Nov. 4.—William F. Collins, a well known man here, died suddenly last night from heart disease. He was said to be the inventor of the Lappin brake-shoe extensively used in elevated railroads, and he claimed to be an ex-member of the Canadian parliament.

Was Instantly Killed. Northampton, Mass., Nov. 4.—Lewis J. Hutchinson, aged twenty-nine, superintendent of the Electric Light company, was instantly killed at the power house to-night. It is probable that he got caught in the shafting, was thrown over a revolving clutch and dashed on the brick floor. The back of his head was crushed and his arms and ribs broken.

Won by the Portuguese. Bombay, Nov. 4.—Gun advances show that the Portuguese expedition sent against the rebels had defeated them at Chindim, killing twenty-five and wounding thirty. The Portuguese loss was trifling. It is likely that this defeat will put an end to the rebellion.

THE GENUINE IMPORTED CARLSBAD SPRUDEL SALT

is of great benefit in temporary and habitual constipation, liver and kidney diseases, chronic catarrh of the stomach and bowels, rheumatism, gout, etc., and should be used in the morning before breakfast. Best taken when out-door exercise can be had. Obtain the genuine article, which must bear the signature of "EISNER & MENDELSON CO., Agents, New York."
